EXPERIENCE

Manager @ PixelPlex

2017 - now

Managing a Minecraft server network to learn more about Linux, SQL and more technologies.

EDUCATION

Gymnasium

2015 - now

Highest level education with greek and latin. Not tech related.

Ethical Hacking @ Udemy

2017 - now

Almost finished a ethical hacking course at Udemy.

Various Courses @ Pluralsight

2018 - now

I activated a 3 month trial at Pluralsight and i am currently using that platform for learning docker, puppet and aws.

PROJECTS

Minecraft server

I manage a minecraft server both for fun and for learning linux, sql and java.

More in my github page.

SKILLS

Good at taking ideas from a community or group.

Good at programming applications for various uses and at configuring and keeping up.

Always willing to learn more.
